Manufacturer	Buchi GlasUster, Switzerland (41)1-905-5144 represented by: Chemical Transfer Partnership Corporation Felix Haufen 829 Lincoln Avenue, Suite 3 Bohemia, NY 11716 (516) 589-7990		Reliance Motor Co. Cleveland, OH 44117	Buchi GlasUster
Model	9153			
Serial	14297/5237		B56I2340MBY	
Capacity	250 liter, nominal 330 liter, max.	30 liter		
Description/dimensions	See-through reaction vessel with GLCS top and bottom and glass mid-section	CS jacket with insulation and SS sheathing	Manual variable drive	- 2-part impeller - Baffle w/Tantalum tip - Resistance thermometer 3 x Pt 100 A
year manufactured	1996			
material of construction, in product contact	Cylinder - Borosilicate glass Cover & bottom - GLCS			GLCS
Design Pressure (Bar)	-1 to 0.4	-1 to 10		
Design Temperature (C)	-60 to 230	-60 to 200		
horse power	x		1.3	
rpm	x		3450	0-250
Seal				mechanical seal unit w/single acting face seal of oxide ceramic/Teflon
lubricant			glycerin	
reference PSK	0395			
reference P & ID
